MITCHELL'S

IMPROVED Perforated BELLADONNA

PLASTER

The Greatest Pain Alleviator known,

Will quiet the pain instantly in such cases as Lame Back, Rheumatism, Neuralgia, Inflammation of the Kidneys, Lung and Throat Affections, Croup and sudden pains of every kind; and for Female Weakness it beats all the pills in the world! Ask your physician if a Belladonna Plaster that is of Pharmaceutical strength that can be relied on is not beneficial in such cases. Call for MITCHELL'S, Price 25 cents. The originator of combining Belladonna with Rubber. ❧ As Morse caught the lightning and caused it to talk, so did Mitcheli conceive the idea of combining Belladonna with Rubber and causing it to cure. ❧

Be sure and get MITCHELL'S IMPROVED PERFORATED BELLADONNA PLASTERS, with the picture of the proprietor on each, with his signature under it, and the words, "Compound Patented Sept. 12, 1871;" and around his picture the words, "Mitchell's Improved Perforated Belladonna Plaster;" and outside of all, are directions for removing the cloth. Underneath this are the words, "Manufactured by the Novelty Plaster Works. Full directions on printed wrapper." Trade Mark registered in Canada, Dec. 28, 1875. Registered in United States Patent Office, July 20, 1875. ❧

APPEAL TO THE MEDICAL PROFESSION.

If you desire a BELLADONNA PLASTER, which you can rely on at all times, and under all circumstances, ask for MITCHELL'S, in its cases, with his picture and a cut of the factory on the cover. It is an actual fact, which cannot be denied by any person of truth, that I was the first person in the known world to originate the idea of combining Belladonna with rubber, even before nine-tenths of the present plaster manufacturers in America had any idea of engaging in that business. This I can prove beyond question. Look at the success which has attended my discovery, and see the numerous imitations by unscrupulous persons.

Ask for MITCHELL'S, and take no other, if you desire the genuine article, made by the originator.

HOPE Hose Fire Company No. 3, will give a grand ball at City Hall, Thanksgiving night, Thursday, November 28.

THERE will be a Sunday school concert at the C. P. Church, Friday evening the 25th inst.

THE report of the condition of Alton National Bank, will be found on the first page.

THE proceedings of the Alton Horticultural Society, for October, are of unusual interest, and will be found on the fourth page.

THE country in the vicinity of Litchfield, is visited by grasshoppers, that damage the wheat to some extent, but the frost will soon nip them.

THE State Board of Equalization adjourned Saturday. That Board never yet adjourned soon enough to save it from out living its usefulness

MANY farmers in this vicinity are not yet through plowing for wheat, and are now afraid that cold weather will overtake them before their seed is sown.

PRICES are about down to hard pan, when a person can get a chew of gum and a chromo in a tin box, for a cent. Fiat money not a legal tender, however.

THEY have now got to putting up paper collars in such an elaborate manner that the box and its fixings are apparently worth more than the collars, although no fault is to be found with the latter.

WE learn that an effort is being made, by the colored voters of the county, to induce Mr. I. H. Kelley, of this city, to come out as an independent candidate for the Legislature.

AND now "they say" that onion peelings are thin, a certain sign of an open winter. This don't agree with the ground hog and corn husk prognostications, but we'll "take onion peel in ours," every time.

AND still they come, Every day brings its long line of emigrants for the Great West, who cross the river at this central point—280 emigrant wagons having crossed on Capt. Starr's ferry during the last two weeks.

A TRAMP called at a house in Middletown a few days ago and was furnished some wood to split. In an effort to do the work, the axe caught on a clothes line and the blow was transferred to the striker's head inflicting a pretty severe cut. Wonder if this won't be a warning to "travelers"?

THE county canvass is not proceeding with any great degree of liveliness, although all the candidates have learned of their nominations. That is where they are ahead of several defeated candidates at last spring's township election.

THE estimated value of the whole property of the United States, according to the census of 1870, was $30,068,518,570. In view of the fall in prices the best authorities put the value at thirty billions, at the present time.

THE cornet band connected with the United Brothers of Friendship, will give a festival at the hall of the society on State street, Friday, the 18th inst. The band numbers eleven players, and the entertainment will be for their benefit.

WILL the Alton Democrat in its column of "Irish News," please record the fact that Wm. R. Morrison voted in Congress for a rebel Major General for doorkeeper of the House, in preference to Gen. Jas. Shields the gallant Irish soldier?

THE Democrat accuses Dr. Dewey of trying to "blacken" Col. Buckmaster's Legislative record. We have examined the *House Journal* of 1877, and find that the Doctor quotes from the official report. For whatever "blackness" there is in that record Dr. Dewey is not responsible.

HEIRS WANTED.—Postmaster Holden has received a letter from T. D. Hodgkin, of 917 Sixth street, Washington, D. C., making inquiries as to the whereabouts of the immediate heirs of Judge James Semple. The writer says that he has information of great value to them.

A WEALTHY man in North Carolina recently offered a needy applicant, as a joke, $2,000 for 6,000 lizard skins. The applicant turned out with his family, went to the mountains and soon procured the requisite number, but the man who engaged the lot refused to receive them, saying he had no use for them. Hence a law suit. The possessor of the lizard skins might dispose of some of them to our amateur hunters, for game bags.

IN its report of the Friday evening concert at Mercantile Hall, the Democrat praises the voice and execution of Mr. Joseph Saler of St. Louis, in the highest terms. The encomiums were well written and, no doubt well deserved, but the Democrat forgot one essential point: Mr. Saler was not present at the concert at all. However, the Democrat says.

Mr. Saler is undoubtedly one of the best baritone singers in the country, and his splendid voice perfectly delighted the audience. He appeared several times during the evening, and was always enthusiastically encored.

Further on it declares that the trio from Bellaria, in which it credits Mr. Saler as participating, "was one of the most delightful things we ever listened to!"

THE Grand Lodge of Knights of Pythias for Illinois, commences its session at Quincy, on Tuesday of next week.

THE C. P. Church sociable will meet, Friday evening, at the residence of Mrs. Smith, Eighth street, between Langdon and Henry streets.

THE extension of the C. & A. road, to Kansas City is now in Saline county. It will reach Marshal in thirty days, and push right on to Kansas City.

PERSONS attending the Jerseyville Fair next week from this city, will find Amphitheater Programmes distributed on the train each morning. They can also be procured free at the bookstores in this city.

PREPARATIONS are being made to place a heating furnace in the basement of the Episcopal church. The coping has received new cap stones and the whole building is much improved by the late repairs.

Gov. Cullom has signified his acceptance of the invitation to the Jerseyville fair, on Wednesday the 16th inst., military day, and the members of his staff have been notified to be in attendance on that occasion.

MR. J. P. Vissering has removed his office to the room occupied by Justice Quarton, on Piasa Street, one door north of Second Street, up stairs. Mr. Quarton will attend to Mr. Vissering's business in the absence of the latter.

WE learn from Mr. R. B. Jones, agent and business manager of the Simon Comedy company, that the troupe, numbering eighteen persons, will be in this city, in a few weeks. They have a full brass and string band, and as fine a company as ever visited Alton.

N. W. BRANSON, Register in bankruptcy, decided yesterday, that the claim of John Fischback, for $6,800 vs the firm of Runzi & Lehman, was a preferred claim as against the other creditors. An appeal will be taken to the United States Circuit Court.

A REMARK being made in company the other day that some people were wretched in poverty, while others were miserable with plenty of wealth, a thoughtful little Miss said, "Well I'd rather be miserable with plenty of money." This sentiment seems rather popular.

THE tickets for the entertainment by the Guards, for the benefit of the Drum Corps next Monday evening, at Armory Hall, are going off like hot cakes, for everybody wishes to see the company before they leave for the "Jerseyville war." Give them a good send off and they're sure to win the Fair premium.

MANY of our citizens went to St. Louis Tuesday eve., to see the procession of the Veiled Prophets. A train of 18 coaches crowded with passengers, left the Future Great on the C. & A. road, at 11 o'clock, last night. As to the great parade, some say it was very fine, others that it was a "sell," only a dozen or so of vehicles and a band, a device to attract a crowd. Well they needn't flatter themselves that they caught any greenhorns from the Bluff City. They all went down on other and important business.

DANIELS, BAYLE & Co. have just introduced a new machine at the Cracker Factory. We are not machinists, and are therefore only competent to judge of the excellence of the articles produced. Judged by this test we should say that it works well, for the cakes, cookies, and jumbles turned out by the "new machine" are first class. This enterprising firm have greatly added to the enviable reputation of the Kendall Bakery, and their sales are extending to all parts of the country.

REV. J. H. Hilmes who has lately taken charge of the Union Street German Methodist church, is very popular with his people. and promises to be very successful. His residence is on North street, north of Union street. Heretofore the minister in charge of this church has also preached at Brighton and Fosterburg, but Mr Hilmes will confine his efforts to the Union street church, and will preach every Sabbath, morning and evening. He is a good linguist and discourses well in both English and German.

A GENTLEMAN who has had thirty years experience steamboating, says that raising the dyke in the slough at the other shore, will not benefit our levee, as the sand bars are formed principally during low water. In high water the force of the current is distributed over a large area. The water is deflected from this shore by the rocky ledge above, and naturally strikes to the other shore thus leaving a sandbar below our landing. The remedy offered is to build a supplementary dyke at some point above the present one, instead of raising the one already constructed.

GREAT LUCK.—The celebrated hunting club known as the Beerst, added to their renown by the grand hunt on which they started Saturday night. The party numbered nine, all first class marksmen, one known to fame as the "Deerslayer," and they went in two spring wagons, the hunters intending to hoof it on the return, should they get overloaded with game. However as they had a good team, and the game consisted of two flickers and a snipe, only half the club were compelled to walk at one time. They returned with lively spirits—the effects of two kegs of beer, and felt encouraged to renewed efforts at an early day.

HAYES'S TITLE.

However varied may be the opinions concerning the validity or Hayes's title to the Presidency, there is not a question in the minds of either Democrats or Republicans upon one important point, viz: the unquestionable right of Dr. Pierce's Family Medicines to the title of the Standard Remedies of the age. Listen to the voice of the sovereign people.

SHURTLEFF COLLEGE.

The Chicago Standard publishes a letter from Upper Alton containing the following interesting items relative to Shurtleff College:

A goodly number of students are already in attendance, and "still they come" The Theological department opens next week. Dr. Johnson has closed his Herculean work of endowment. And it has been the work of a giant, as well as a gigantic work. A hundred thousand dollars, in such times as these last three years, is a proud memorial of a man's push, pluck, and persistency. That he has done this, really, the most cautious and careful that have scrutinized his work firmly believe. Over $48,000 in cash have already been paid. Upwards of $80,000 more in pledges have been secured. So that, there can be a shrinkage of nearly $30,000, and still the long sought $100,000 be sure." If any one has made this a condition of payment or additional pledge, he may now, nay, he ought to come forward at once and "pay his vow," for the divine word says: "It is better not to vow, than to vow and not perform." Could Dr. Johnson have seen things as the trustees and faculty saw them he would have continued here, and carried this great work on and on until the material means of this college were equal to its age and opportunity. The regret at his leaving this work and the West is mingled with gratitude to him and thanksgiving to God for all that he has been able to do for religious education and denominational literature in this great central valley of the nation. Among that illustrious roll of "special benefactors," whose record he has so well written in the "Supplemental Roll Book," coming years will give him a prominent place. In the resumption of his Publication Society work at a new point and with greater facilities, he has our hearty "God bless you."

DEATH OF GEORGE BARRY.

The community was greatly pained today, to learn of the sudden and unexpected death of Mr. George Barry, one of our most esteemed citizens and one who had for many years made this place his home. The sad occurrence took place in this city at the residence of his uncle, Mr. A. S. Barry, at six o'clock this morning. Deceased was born in Boston, Mass., January 22, 1838, and came to Alton about 24 years ago. He was for a time engaged in fruit culture, and had a nursery between this place and Godfrey. He was for more than ten years engaged as traveling salesman for the wholesale drug house of Quigley, Hopkins & Co. About three years ago he commenced traveling for Richardson & Co., wholesale druggists, of St. Louis, and was thus engaged until the state of his health compelled him to desist. He was troubled at times with attacks of acute rheumatism, and about three weeks ago, in stepping from a train sprained his ancle and was compelled to come home to the residence of Mr. A. S. Barry. He suffered somewhat from his ancle, also from rheumatism, but no one had the remotest idea that his situation was dangerous; he seemed better yesterday evening, and was able to sit up, but about five o'clock this morning the attention of some one was aroused by his loud and troubled breathing, when he was found to be in an unconscious state. Medical aid was immediately summoned, but before the physician arrived the vital spark had flown. It is conjectured that the immediate cause of his death was congestion of the heart or brain. He leaves two sisters, one living at Kidder, Mo., and one in Boston; two uncles, A. S. and B. F. Barry, besides many attached friends to mourn his sudden death. He ranked high in the Masonic order, and had held the following offices. He was Worshipful Master of Piasa Lodge No. 27 in 1874-75; Grand Steward of the Grand Lodge of Illinois for 1876, District Deputy Grand Master of the 26th Masonic District of this State, for 1877 and 1878; He was also E. King of Alton Chapter No. 8, Royal Arch Masons, in 1876; Eminent Commander of Belvidere Commandery No. 2, for 1873, 1874, 1876 and 1878; Viceroy of Constantine Conclave No. 10, Red Cross Knights of Rome and Constantine for 1877 and 1878.

The funeral will take place, under Masonic auspices, from the residence of Mr. A. S. Barry, on State Street, Friday at 10 o'clock a m.

UNITARIAN PARSONAGE.

This beautiful new residence, situated on the lot adjoining the church, is receiving its finishing touches. It occupies a prominent site on the heights overlooking the river and commanding a fine view of city, and adjacent country. The building is of brick, two stories in height and contains eight rooms, with halls, closets, pantry and cellar. It is admirably arranged both for convenience and comfort, and is neatly finished. The new edifice is a credit to the society which erected it, the more so as, we understand, it is all paid for. The architect of the building was Mr. L. Pfeiffenberger. The blinds on the parsonage were purchased by the young ladies of the congregation who are deserving of great praise for their successful efforts.

While the building of the parsonage has been in progress the church has been throughly repaired and renovated, and a handsome carpet put down by the ladies, making the entire edifice very attractive

MATRIMONIAL EVENTS.

TRIBBLE—EMERSON.

A large audience assembled at the Baptist church last evening to witness the ceremony that united Mr. Frank A. Tribble and Miss Mae E. Emerson, both of this city, the groom being engaged as traveling agent for a Chicago house. Rev. T. G. Field performed the interesting ceremony about 7:30 o'clock and the happy pair start in married life under the happy auspices imparted by the congratulations of many friends and well wishers. Messrs. Frank Seely and Frank Roberts acted as ushers and the affair passed off in a most satisfactory manner.

FLAGG—CALDWELL.

At the residence of C. A. Caldwell, Esq., in Middletown, a company of relatives with a few immediate neighbors, assembled last evening, to witness the marriage of the daughter of the host, Miss Hannah, to Mr. R. Henry Flagg, the popular dry goods dealer. About 8 o'clock the ceremony was performed by Rev. T. G. Field, of the Baptist church. The bridal couple were preceded to the altar by Misses Dell Hathaway and Myra Caldwell, while Miss Mamie Topping presided at the piano, and performed the wedding march.

After an elegant collation was served, under the direction of Mr. Ed. White, Mr. and Mrs. Flagg, accompanied by a few friends, repaired to their residence on Sixth, near George street. They were the recipients of numberless congratulations, and a large number of valuable presents gave substantial evidence of the degree of regard in which the happy pair were held by their friends.

ARRESTED FOR MURDER.

A farmer named John McLaughlin was assassinated while plowing in his field, a few miles west of Otterville, Jersey county, about the 20th of September. Suspicion fell on a family named Field, consisting of a father, mother, and two sons, as they were greatly incensed against deceased, and had, some of them, previously attempted his life. Evidence enough was gathered at the coroner's inquest to justify the arrest of the family, which was done, except in the case of one son, Eugene, who had decamped just after the murder. It appears that he crossed the river into Missouri, and was stopping opposite this city, from whence he wrote to a man in Jerseyville, requesting his wife to meet him here The letter fell into the hands of the officers, and Deputy Sheriff C. A. Sullard, of Jersey County, came down yesterday, and last night crossed the river in search of the fugitive, whom he found and induced to come to this side by stating that his wife was waiting for him. The affair was well managed, without a requisition, and City Marshal Volbracht being called on by the Jersey county official, assisted in the arrest and put on the "bracelets." The accused is not a desperado in appearance by any means, but is rather diminutive, quite innocent looking, and, as Marshal Volbracht says "he looks like he wouldn't kill a mouse." Eugene Field says he is entirely innocent, but the evidence against him is said to be very strong; besides his sudden flight after the murder, had a very suspicious look. Deputy Sheriff Sullard left for Jerseyville with his prisoner on the train this morning.

Try it, for it never disappoints. Dr. Bull's Cough Syrup. Per bottle, 25 cents. 11

VEGETINE

Rev. J. P. Ludlow Writes:

178 Baltic Street, Brooklyn, N. Y. Nov. 14, 1876.—H. R. Stevens, Esq., Dear Sir: From personal benefit received by its use, as well as from personal knowledge of those whose cures thereby have seemed almost miraculous, I can most heartily and sincerely recommend the VEGETINE for the complaints which it is claimed to cure.

JAMES P. LUDLOW,
Late Pastor Calvary Baptist Church,
Sacramento, Cal.

VEGETINE.

She Rests Well.

SOUTH POLAND, ME., Oct. 11, 1876.—Mr. H. R. Stevens, Dear Sir: I have been sick two years with the liver complaint, and during that time have taken a great many different medicines, but none of them did me any good. I was restless nights, and had no appetite. Since taking the VEGETINE I rest well and relish my food. Can recommend VEGETINE for what it has done for me.

MRS. ALBERT RICKER.

Witness of the above,
MR. GEORGE M. VAUGHN, Medford, Mass.

VEGETINE.

BOSTON HOME, 14 TYLER STREET, BOSTON, April, 1876.—H. R. Stevens, Dear Sir: We feel that the children in our home have been greatly benefited by the VEGETINE you have so kindly given us from time to time, especially those troubled with scrofula. With respect,

MRS. N. WORMELL, Matron.

VEGETINE.

Nothing Equal to It.

SOUTH SALEM, MASS., Nov. 14, 1876.—Mr. H. R. Stevens, Dear Sir: I have been troubled with Scrofula, Canker and Liver Complaint for three years. MRS. LIZZIE M. PACKARD,
No. 16 Lagrange street, South Salem, Mass.

ROYAL BAKING POWDER

Absolutely Pure.

CONSUMERS should bear in mind that the incomparable "Royal" is now the only Baking Powder in the market made from pure Grape Cream Tartar, imported exclusively for this powder direct from the wine growing district of France. An old experienced housekeeper writes that, although she has to pay a few pennies more for the "Royal," finds that it go so much farther and works so much better, that it is economy to use it. Another says she uses the powder in puddings, cakes, and all sorts of pastry; wholly without eggs. An old lady from Ohio writes that it makes the only biscuit that her dyspeptic husband can eat. This is because the best and most wholesome materials are used. Approved by the New York Board of Health, and by such eminent chemists as Dr. MOTT, New York; Dr. HAYES, Boston; Prof. GESTH, Philadelphia, etc. Sold in tin cans only, by grocers.
